

Ozark Biomedical

Laboratory Centrifuge Rental

Ozark Biomedical is a specialist in the rental of laboratory centrifuges. We have a wide range of product available from many manufacturers, including small microlitre units to large refrigerated tabletops and floor models. Our extensive product knowledge allows us to customize each centrifuge to your specific needs. Because our background is in the service and maintenance of laboratory centrifuges, we have the infrastructure to deal with any issues that would otherwise disrupt your laboratories ability to process samples.

We have top quality new and refurbished centrifuges ready to be shipped directly to your location via Fed Ex Freight.

- **We carry all sizes including small, medium, and large capacity table top, floor model, refrigerated and non-refrigerated centrifuges.**
- **A wide variety of rotors and tube adapters are available.**
- **Technical assistance is available to the end user should any questions or concerns occur.**
- **Pricing is dependent on duration, type of centrifuge, and accessories required.**
- **Minimum of 4 months rental is required. You must pay 2 months rental, up front, before delivery and a credit card is needed to process monthly payments.**
- **If you decide you would like to keep the unit then your monthly payments will apply to the purchase price.**

After your study is done you simply set on the custom pallet provided and strap with supplied ratchet strap and call us for scheduled pickup. It's that simple!

Laboratory Centrifuge Rental Form

Please provide the following information to help expedite the rental quote process.
Simply fill out the information and fax it to 501-882-2122 or call 800-457-7576 and
one our sales associates will be happy to assist you.
